EDUCATION

Rutgers University-New Brunswick — May 2021
Economics; Business Administration — GPA 3.443

WORK EXPERIENCE

Best Buy – Warehouse Operations Associate — 2020-Present
- Responsible for logistics surrounding delivery loads processing receipt of merchandise for inbound and outbound trucks in a high volume storefront
- Improved warehouse efficiency in other Delivery Distribution Centers across the country
- Trained newly hired and current employees across all departments on operations, safety and efficient warehouse procedures

Century 21 Louis Pompilio, Inc - Real Estate Agent — 2018-2020
- Created and rolled out marketing campaigns for properties via advertisements
- Led numerous open houses
- Mediated negotiations between buyer and seller in alignment with all legal and organizational procedures
- Advised clients on prices, mortgages, market conditions, and related information

Champs Sports - Sales Associate — 2017-2019
- Delivered excellent customer service with floor sales in a high volume retail organization
- Engaged with customers to properly identify product needs, demonstrating thorough product knowledge and solution oriented sales
- Received 'Excellence Award' from District Manager for successfully exceeding a mystery shoppers' expectation

Programming Projects

Data Driven Blog using R — Mar 2021
- Using real world data from the web, I wrote a report that showed illustrations with plots as well as showing statistical analysis. Using data from AirBnB, I tested to see if location influenced the price of a listing within New York City.

Data Visualization using Tableau — Nov 2021
- This visual is based off data from Forbes on top paid athletes over time. The goal was to see how different sports fared on this list across this 31-year span.
